ATTENTION:
DARK FIRED VIRGINIA TOBACCO GROWERS
The Austrian Tobacco Industry will require larger quantities of cigar wrapper grades than they have been able to purchase during recent crops. Therefore in addition to their standard wrapper grades, they have authorized purchase of leaf tobacco smaller than traditionally used. The minimum actual size acceptable is the leaf outline on this page. All other qualities associated with cigar wrappers such as color, thin to medium body, and uniform grading remain as traditionally established. A premium price will be authorized to growers who grade their tobacco to Austrian specifications.
